› Sturt Table Setting

› Features

Length: 2000mm

Plank finish: Manufactured from aluminium with front and back timber planks.

Frame: Cast aluminium

Fixings: Supplied with 316 stainless steel anti vandal fixings

› The Sturt Table Setting is designed to tie in the natural environment with urban aspects, with its combination of anodised aluminium and timber planks. Able to be customised in many different anodised and powder coat colour combinations, as well as timber staining, the Sturt Setting is an extremely sturdy and hard wearing setting that is ideal for coastal parks and barbecue areas where harsh elements and food preparation are frequent.

The anodised aluminium is resistant to graffiti, flange or core leg style allows for installation in a range of environments, and the 316 Stainless Steel anti-vandal fixings mean the setting will stay strong and looking great for years to come.
